Subject: lunch or some such in mid-Sept.?

Hi Kerry!

Was so good to briefly run into you today! I'm mainly going to be on Navajo for the next few weeks starting on Wednesday, helping with emergency response activities related to the Gold King Mine spill then focusing on our work related to abandoned uranium mines. I'm making myself a note to check in with you about your availability when I'm back on Sept. 7. Would love to catch up!

Hugs!

S.
